

UNITED STATES DISTRICT COURT
NORTHERN DISTRICT OF NEW YORK

**JAMES DIEFFENBAUCH, individually & on
behalf of all similarly situated,**

Plaintiff(s),

vs.

RHINEHART RAILROAD CONSTRUCTION, INC.,

Defendant.

AFFIDAVIT

Case No. 17-cv-01180

RICHARD RHINEHART, being duly sworn, deposes and says:

1. I am the Vice President of Defendant Rhinehart Railroad Construction, Inc. ("Rhinehart").
2. I have held this position since 2000.
3. I submit this Affidavit in support of Rhinehart's motion to decertify the collective action in this matter.
4. Rhinehart is incorporated and based in Maryland, and its primary business is in building railroads and providing related services in a variety of states.
5. Rhinehart completes discrete projects for a limited amount of time in various states.
6. Rhinehart completes approximately 90 projects at different job sites with different customers each year.
7. In addition to Plaintiff James Dieffenbauch, there are forty-one (41) Opt-In Plaintiffs in this matter.

8. The circumstances between these Opt-In Plaintiffs' work experiences with Rhinehart vary greatly.

9. Rhinehart employs laborers/operators to do much of the day-to-day work on the railroad tracks.

10. Due to the nature of Rhinehart's business, the location of job sites often changes for employees.

11. The staffing needs of any particular project fluctuates, especially as each project and jobsite is unique.

12. Rhinehart staffs these projects with both laborers/operators who have been employed for a long period of time or for several different Rhinehart projects, as well as individuals that live locally.

13. For long-term employees, their job locations vary as their roles on a particular project change and/or end.

14. Rhinehart does not have a "No Pay for Travel" policy in its Employee Handbook, nor does Rhinehart have an official or unofficial verbal policy dictating that no travel time will be paid. And sometimes employees are paid more than required for travel time.

15. As mentioned, each particular project is unique – the location, the type of work to be completed, the duration of the project, the individuals staffing the project, the customer, and the supervision is different from job to job.

16. Each project sets its own work schedule as well, and the individual Supervisor on each project often sets that schedule after consultation and input from the customer.

17. Examples of schedules that have been used in the past are: a) Monday through Thursday with ten (10) hour shifts; b) Monday through Friday with eight (8) hour shifts; and c) Friday through Monday with ten (10) hour shifts.

18. The laborers/operators make different choices as far as traveling to and from work during non-work time and on the weekends.

19. Some employees ride as passengers in vehicles driven by co-workers.

20. Not all laborers/operators returned to their home community on weekends.

21. As mentioned, each job site typically hires some local individuals as laborers/operators who may not ever have travel time or travel time away from their home community due to their proximity to the job site.

22. Rhinehart regularly paid travel time to its operators/laborers.

23. Attached as Exhibit A are time records of named plaintiff James Dieffenbach.

24. A representative sample of Opt-In Plaintiffs were deposed, and each one of those former employees were paid travel time.

25. The format in which Rhinehart maintained its time records changed in or around January 2017, and therefore the sample records are produced in different formats.

26. Attached as Exhibit B are time records of deponent Hugh Cullen.

27. Attached as Exhibit C are time records of deponent Kenneth Hites.

28. Attached as Exhibit D are time records of deponent Travis Dailey.

29. Attached as Exhibit E are time records of Scott Fuller whose sister, Karen Fuller, was deposed in his place.

30. Exhibits A through E all show examples of paid travel time.

31. Some Opt-In Plaintiffs rarely traveled away from their home community, if ever, but their timesheets also show paid travel time.

32. For example, Scott Berget and Derek Weiman lived and primarily worked in Maryland and rarely traveled away from their home communities, if ever. Their time records, attached hereto as Exhibits F and G, show many instances of paid travel time to and from job sites.

33. There are many different Supervisors at Rhinehart given the number of jobs Rhinehart completes in a year, and a laborer/operators' Supervisor can change multiple times over the course of their employment.

I, Richard Rhinehart, declare under penalty of perjury that the foregoing is true and correct.

Dated: 7/6, 2020

Richard Rhinehart
